

CUSTOM TOOLING

At Laser Tooling Solutions, we design and manufacture products that protect critical aircraft parts from damage during the MRO process while improving efficiency and boosting productivity. Whether it be holding fixtures for turbine blades during the media cleaning process, or hardware boxes for the assembly stage, we can design a solution that will work for your company.

EXAMPLES OF CUSTOM TOOLING

- ✓ Turbine blade media blast holding fixtures
- ✓ Assembly hardware boxes
- ✓ Shaft cradles / supports
- ✓ Cleaning fixtures
- ✓ Compressor Rotor boxes / stands
- ✓ Accessory function test boxes
- ✓ Ignition exciter test fixtures
